

## Videography Internship

*Guided by the principles of human compassion and dignity, Refugee Services of Texas welcomes refugees, immigrants, and other displaced peoples and supports them in integrating and thriving in their new communities.*

RST's development team, including development interns, is responsible for raising support, awareness and funding for the agency and those we serve through the creation of meaningful, mission-focused content. Internships are meant to be individualized, challenging, and rewarding.

Essential skills:

- Demonstrated ability to create a compelling narrative through shooting and editing video content;
- Experience with streaming live events on various platforms;
- Demonstrated interest in issues pertaining to refugees, human trafficking, displaced populations, and/or human rights;
- Positive attitude;
- Great communication skills, including ability to give and receive constructive feedback; and
- Attention to detail.

After developing foundational knowledge on relevant immigration and human rights issues, videography interns will film and edit the following types of content:

- Interviews with stakeholders in the resettlement community including refugees, trafficking survivors, asylum seekers and other displaced persons, as well as those who partner with them including staff, donors and volunteers;
- Cooking/ food preparation for virtual networking events;
- Promotional videos; and
- Live events, including assistance with streaming.

Interns will play a role in scheduling recordings and assisting with the logistics. Due to the in-person nature of this role, interns must be physically located within DFW and agree to adhere to safety measures including masks and social distancing during the course of their position with RST.
